

Environmental Policy

PJ Treacy & Sons Ltd makes the following commitments to environmental improvements:

- We will comply with all relevant environmental legislation at our own premises and on construction sites which we are working on.
- We will continually improve our environmental performance through setting objectives and targets.
- We will gather data and submit this to NVIR-O-CERT for industry KPI monitoring (Key Performance Indicators).
- We will aim to prevent and minimise pollution from all our operations.
- We will aim to minimise waste and reduce the amount of waste sent to landfill.
- We will aim to reduce energy and water usage from our operations.
- We will protect the natural and built environment and enhance this where possible.

We will ensure that all our staff and sub contractors working on our behalf are aware of and comply with this policy.

Martin Treacy, Managing Director is ultimately responsible for ensuring the Company carries out its obligations under this policy. Tristan Treacy is the Company's Environmental Director and will manage the Company's Environmental Management System and ensure all employees are aware of their roles and responsibilities under this policy. Our Contract Managers are responsible for ensuring our site teams have adequate training and resources to fulfil the Company's objectives. Our Site Managers are responsible for ensuring all personnel and subcontractors are inducted under the policy and are complying with the requirements on our construction sites.

This policy will be displayed at our premises and on construction sites where we operate as main contractor. It is available on request from our office.

Signed: 

Director with Environmental Responsibility
